

**Help Florida's Sea Turtles
Survive. Get Your Turtle Tag!**

Florida's Sea Turtles

Sea turtles are some of the most unique and rare animals found in Florida. They once roamed the earth's oceans by the millions. Today, they are threatened with extinction. Florida beaches are some of the most important nesting sites for sea turtles in the world.

Make a Difference

By purchasing a sea turtle license plate for your vehicle, you will help sea turtles survive. Turtle plate proceeds support the Florida Marine Turtle Protection Program and the Sea Turtle Grants Program. The grants program funds conservation, education and research projects that benefit Florida's sea turtles.

Make a Change

Now is the time to make a change to the sea turtle license plate. This attractive plate, featuring a loggerhead hatchling crawling to the surf, is one of the least expensive specialty plates. Unlike many specialty plates, which often support just a single group, the turtle plate supports agencies, universities and groups in Florida helping sea turtles survive. Learn more at www.helpingseaturtles.org

Order your Sea Turtle Plate today

To receive your "Helping Sea Turtles Survive" license plate by mail, complete and return this form with your vehicle registration renewal notice and your check, with an additional \$35.00 (\$23.00 annual cost; \$2 annual state fee; and a one-time \$10 new plate fee). If your renewal indicates that you must replace your license plate, you do not need to include the \$10 new plate fee.
